

# Burnt timber cladding and material palette

Traditional techniques are used by us to offer uniqueness to each individual project. There are many finishes and textures we can provide for interior and exterior projects. From the traditional highly burnt fragile looking to the sleek and contemporary finish, we provide them all.

Your projects are unique and so are we; often required to create one off designs, colours and finishes – if you know what you

want we know how to produce it.

The ancient Japanese art of burning timber to provide a beautiful and long lasting product is a technique that we have a proven expertise to supply, design and install. The manufacturing process is detailed, accurate and dangerous; one that we have perfected... Shou Sugi Ban

## Burnt Cedar Cladding
