what is Shou Sugi Ban

The ancient Japanese art of charred timber to provide a beautiful and long lasting product is a technique that we have a proven expertise to supply, design and install. The manufacturing process is detailed, accurate and dangerous; one that we have perfected... Shou Sugi Ban.

Yakisugi

Traditional techniques are used by us to offer uniqueness to each individual project. There are many finishes and textures we can provide for interior and exterior projects. From the traditional highly charred fragile looking to the sleek and contemporary finish; we provide them all.
